McDonalds Quay St, Auckland Multifleck Wall Coating

BRINGING TECHNOLOGY TO THE SURFACE

New Zealand's foremost specialist coating group Special Finishes has installed Multifleck Wall Coating System to the McDonalds Quay St in Auckland City.

Even though it was installed a number of years ago now, the wall coating system has performed extremely well, and still looks stunning.

Multifleck was chosen for this particular installation based on the excellent work that had been done with Multifleck in over 42 stores throughout Sydney, Australia and several international references throughout Asia, the Pacific, USA and Europe.

In addition to being extremely durable and aesthetically pleasing, Multifleck offers clients an *environmentally friendly alternative* to high VOC systems such as solvent based polyurethanes and paint systems. "Our clients are becoming very conscious of the effects various elements of their building may have on the environment, including the use of Volatile Organic Compounds (VOC's) and their impact on the environment post life cycle, when the building is demolished" says Barry McGee, National Sales Manager Special Finishes NZ Ltd.

The Multifleck Wall Coating System has been certified by Germanischer Lloyd, & CSIRO to IMO Resolution A.653 (16) relating to Fire Test procedures for Surface Flammability of Bulkheads, Ceilings and Deck Finishes for Marine Crafts.

Multifleck not only complies to these code requirements, but has been used successfully by some of the world's largest ship builders and manufacturers in conjunction with our other coating systems such as Thermal Coat which reduces noise and condensation issues.

BRINGING TECHNOLOGY TO THE SURFACE

In addition to the Multifleck Wall Coatings, Special Finishes also supplied the Multifleck to coat the bench tops and tables throughout the facility which has been in service for a number of years with excellent performance.

Special Finishes also manufacture a complete range of specialist coatings for all substrates including;

- Multifleck Wall Coatings
- Graffiti Protection Coatings (Waterbased and Polyurethane)
- High Build Acrylic Wall Coatings
- Enamel Coatings
- Ceiling & Wall Coatings
- Elastomeric Roof Coatings
- Epoxy & Polyurethane Floor Coatings
- Car Park Deck Waterproofing Systems
- Flexible Jointing Systems
- Marine Paints and Coatings
- Thermal, Condensation Reducing and Sound Insulation Coating Systems
- Steel Coatings
- Waterproofing Systems
- Lacquers, Clear Sealers & Glazes
- Timber Coatings & Stains
- Automotive Products, Fillers, Rust Proofers and Underseals
- Road Marking Coatings
