The Complete Solution for Northcross Intermediate

New Zealand's foremost specialist coating group Special Finishes is proud to be associated with the opening of Northcross Intermediates new block in Auckland.

Special Finishes has been intimately involved in a large number of aspects of this grand project, supplying and applying Special Finishes Floor & Wall Coatings to the interior and exterior of the Contemporary building, along with its stunning polished concrete floors. Not only are Special Finishes internationally renowned for its Specialist Wall Coatings, they have also developed a huge reputation in delivering high quality performance flooring systems for a wide range of markets including Educational Facilities.

With over 25 years experience in this particular market, it's not hard to see why!

BRINGING TECHNOLOGY TO THE SURFACE

Special Finishes was selected for this project based on their involvement in not only new build construction, but also with their systems proven on several Auckland Council projects over many years including historic buildings using Special Finishes proven coating technology. Special Finishes provided coating solutions to the interior and exterior Lopdell House, including the timber floors on the ground floor.

Lopdell House

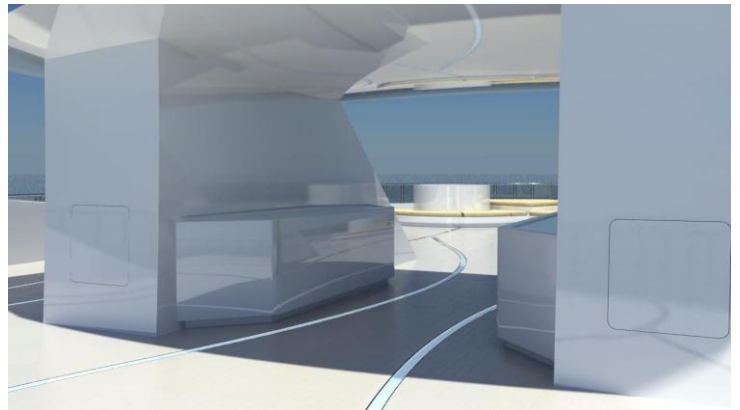

This is the same coating technology that has been installed in several iconic structures throughout New Zealand including Auckland's Civic Theatre, Custom House, and a large number of Hotels throughout Auckland.

The finished spaces are light, and look stunning in their simplicity, which highlights the functionality of the building.

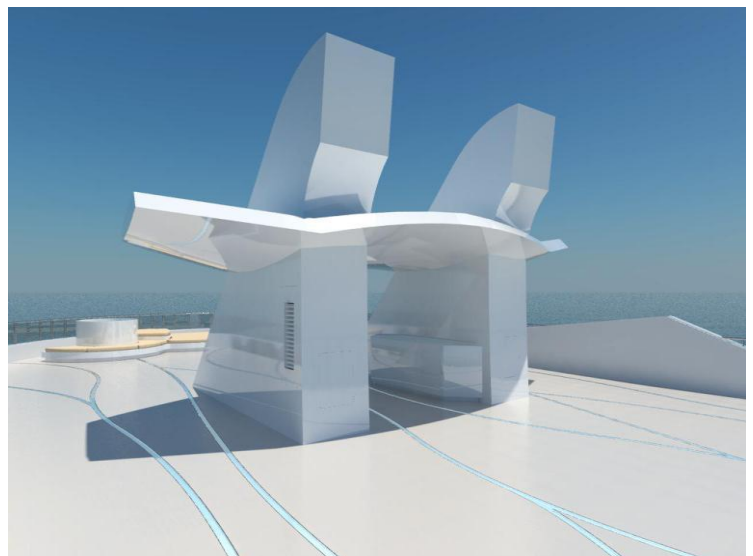

Special Finishes has worked closely with many Education Boards, Trusts and Specialist Architects with respect to providing public buildings with functional and cost effective floor and wall coating solutions, whilst protecting their integrity through superior coatings technology.

If you have a project you are working on, new or old, contact Special Finishes for a complete project from Roof to Floors.

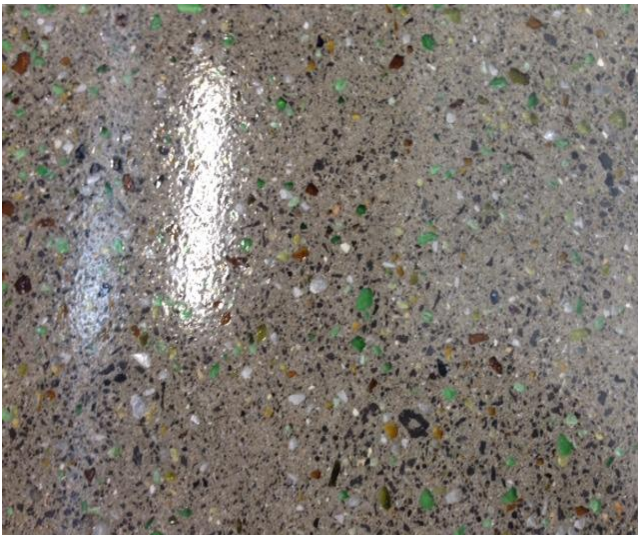

One example of how Special Finishes can help you in a unique way is with our internationally renowned Multifleck Multicolour Paint System.

This system has been used on everything from **Super Yachts** of the rich and famous, though to Airports, Schools and Hospitals, with over 5,500 different colours available, you are only limited by your imagination!
